分值分布与时间分配（考研英语一 满分100）

| 板块                | 题量 | 每题  | 分值 | 占比  | 建议用时  |
|-------------------|----|-----|----|-----|-------|
| 完形 Use of English | 20 | 0.5 | 10 | 10% | 15min |
| 阅读 Part A（4篇）     | 20 | 2   | 40 | 40% | 60min |
| Part B 新题型        | 5  | 2   | 10 | 10% | 15min |
| Part C 英译中        | 5  | 2   | 10 | 10% | 20min |
| 写作 Part A 小作文     | 1  | —   | 10 | 10% | 15min |
| 写作 Part B 大作文     | 1  | —   | 20 | 20% | 35min |

阅读（Part A+B）合计 50 分=半壁江山；写作 30 分；完形+翻译 20 分。先做阅读与写作，完形最后做。

Section I · 完形填空（Use of English 1–20）

每空 4 选项；先看搭配与词性，再据上下文语义，最后复核。

Located in the southern Peloponnesian peninsula, Pavlopetri (the modern name of the site) emerged as a Neolithic settlement around 3500 B.C. This area of the Aegean Sea is <b>[1]</b> to earthquakes and tsunamis, which caused the city to <b>[2]</b> sink. The slow sea level rise in the Mediterranean <b>[3]</b> the city more than 3,000 years ago.

For millennia, the city's <b>[4]</b> lay unseen below some 13 feet of water. They were covered by a thick layer of sand <b>[5]</b> the island of Laconia. In recent decades, shifting <b>[6]</b> and climate change have eroded a natural barrier that <b>[7]</b> Pavlopetri. In 1967, a scientific survey of the Peloponnesian coast was <b>[8]</b> data to analyze changes in sea levels <b>[9]</b> British oceanographer Nicholas Flemming first spotted the sunken <b>[10]</b> . A year later, he returned with a few students to <b>[11]</b> the location and map the site. The team identified some 15 buildings, courtyards, a network of streets, and two chamber tombs. <b>[12]</b> the exciting initial finds, the site would lie <b>[13]</b> for decades before archaeologists would return.

In 2009 archaeologists Chrysanthi Gallon and Jon Henderson <b>[14]</b> excavation of Pavlopetri in cooperation with the Greek Ministry of Culture. Since the 1960s, underwater archaeology <b>[15]</b> and tools had made huge advances. The team <b>[16]</b> robotics, sonar mapping, and state-of-the-art graphics to survey the site. From 2009 to 2013 they were able to bring the underwater town to <b>[17]</b> . Covering about two and a half acres, Pavlopetri's three main roads <b>[18]</b> some 50 rectangular buildings, all of which had open courtyards. Excavations revealed a large number of Minoan-style loom weights, <b>[19]</b> Pavlopetri was a thriving trade center with a <b>[20]</b> textile industry.

11. 原封不动地存在着

## Section II · Part A Text 1

### Text 1 (莎士比亚教学研究)

The grammar school boy from Stratford-upon-Avon has landed a scholarly punch after groundbreaking research showed that Shakespeare does benefit children's literacy and emotional development. But only if you act him out.

A study found that a "rehearsal room" approach to teaching Shakespeare broadened children's vocabulary and the complexity of their writing as well as their emotional literacy. "The research shows that the way actors work makes a big difference to the way children use language and also how they think about themselves," Jacqui O'Hanlon of the Royal Shakespeare Company (RSC), which commissioned the study, said.

The randomised control trial involved hundreds of year 5 pupils — aged nine and ten — at 45 state primary schools that had not been "previously exposed to RSC pedagogy." They were split into target and control groups and asked to write, for example, a message in a bottle as Ferdinand following the shipwreck in *The Tempest*. The target group were given a 30-minute drama-based activity to accompany the passage.

The peer-reviewed results showed that the target group of pupils drew on a wider vocabulary, used words "classed as more sophisticated or rarer", and wrote at greater length. They also "appear to be more comfortable writing in role...while [control] pupils imagine how they themselves would react to being shipwrecked, [target] children put themselves in the shoes of a literary character and express that character's emotion". The Time to Act study also found that while control pupils relied on "desert island clichés" such as palm trees, target pupils were "more expansive [giving] a broader picture of the sky, the sea and the atmospheric conditions".

O'Hanlon said she had been most surprised by the "emotional literacy that was evident in the [target] children's writing" and that they were "more resilient in their writing, more hopeful". The study showed the importance of embedding arts in education, she said.

But could the results be replicated with any old dramatist? O'Hanlon said more research would be needed but suggested that Shakespeare's use of 20,000 words, compared with the everyday 2,000 words, gave a "massive expansion of language into children's lives".

21. The "rehearsal room" approach requires pupils to \_\_\_\_

- rewrite the lines from Shakespeare.
- watch RSC actors' performances.
- play the roles in Shakespeare.
- study drama under RSC artists.

作答区 (手写答案字母):

选择答案:

答案 · 查看题路精讲

22. The study divided the pupils into two groups to find whether \_\_\_\_

- the change in instruction enhances learning outcomes.
- expanding vocabulary helps develop reading fluency.
- emotion affects understanding of sophisticated works.
- the classroom activity stimulates interest in the arts.

作答区 (手写答案字母):

选择答案:

答案 · 查看题路精讲

23. Control pupils' reliance on "desert island clichés" shows their \_\_\_\_

- weakness in description.
- omission of small details.
- casual style of writing.
- preference for big words.

作答区 (手写答案字母):

选择答案:

答案 · 查看题路精讲

24. What can promote children's emotional literacy according to O'Hanlon?

- Writing in an imaginative manner.
- Identifying with literary characters.
- Drawing inspiration from nature.
- Concentrating on real-life situations.

作答区 (手写答案字母):

选择答案:

答案 · 查看题路精讲

25. It can be inferred from the last paragraph that \_\_\_\_

- the new teaching method may work best with Shakespeare.
- the language of Shakespeare may be formidable for pupils.
- other old dramatists may be included in primary education.
- pupils may be reluctant to work on other old dramatists.

## Section II · Part A Text 2

### Text 2 (科研碳排放)

I was shocked to learn recently that some scientists want to scale back their research in an effort to decrease carbon emissions. The crisis is here, they said, and we need to cut back on our energy-intensive modelling. At the very least, we need to make our energy use far more sustainable.

It is unarguable that our laboratories, scientific instruments, rockets and satellites demand significant amounts of energy both in their construction and operation. And it is equally true that science's unrelenting appetite for information has caused a mushrooming of energy-intensive data centres around the world.

However, this is a price we must pay for understanding the world. How can we inform decision makers about the best ways to bring down carbon emissions if we can't track the amount of carbon dioxide in the atmosphere? The carbon emissions from technological research are well spent: ultimately this research will safeguard the future of our planet.

It can be hard for scientists to make the case because our work is complex... But demonstrating the efficacy of science will be crucial if we are to solve humanity's greatest challenges... I think of a friend's daughter who turned her fears into action: she became a wind energy engineer and now thrives on delivering renewable energy, limiting emissions.

Recognising the hope that science and engineering can bring was the impetus behind the creation of the Millennium Technology Prize... One of the past winners, Professor Martin Green... is the inventor of the Passivated Emitter and Rear Cell technology which is now found in most of the world's solar panels.

Every day, scientists, technologists and engineers are discovering new ways to exploit renewable energy sources... A great example of this is Europe's largest supercomputer, LUMI in Finland, which is astonishingly carbon-negative.

If the world is to meet its net-zero ambitions, we must think hard about how we can deliver sustainable computing and deliver more LUMIs.

26. The author expressed great surprise at some scientists' \_\_\_\_

- unwillingness to cut carbon emissions.
- intention to reduce their research.
- suspensions about sustainable energy.
- waste of electricity in their projects.

作答区 (手写答案字母):

选择答案:

答案 · 查看题路精讲

27. The author believes that carbon emissions from research \_\_\_\_

have caused grave consequences.

have aroused groundless worries.

are hard to handle at present.

are justifiable in the long run.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

28. The example of Green in Paragraph 5 is used to illustrate \_\_\_\_

the achievements of great scientists.

the urgency of addressing climate change.

the rewards of scientific endeavours.

the value of fostering human ingenuity.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

29. It can be learned from the last two paragraphs that LUMI \_\_\_\_

is a model of sustainability efforts.

is a triumph against energy shortage.

owes much to global net-zero initiatives.

aims to explore the power of intelligence.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

30. Which of the following statements would the author agree with?

Emission-free modelling demands extra funding.

The need for supercomputers is difficult to meet.

Energy-intensive research work is inevitable.

The goals of researchers ought to be realistic.

## Section II · Part A Text 3

### Text 3（盗版流媒体）

Ever since taking on Netflix Inc. at its own game, old Hollywood has struggled to turn a profit in streaming... But the age of streaming has been a boon for some unintended winners: pirates... which rake in about \$2 billion annually from ads and subscriptions.

With no video production costs, illegal streaming sites have achieved profit margins approaching 90%, according to the Motion Picture Association (MPA).

Initially the rise of legitimate online businesses such as Netflix actually helped curb digital piracy, which had largely been based on file uploads. But now piracy... costs the US economy about \$30 billion in lost revenue a year and some 250,000 jobs... The global impact is about \$71 billion annually.

“The people who are stealing our movies... are not mom and pop operations,” says Charlie Rivkin, CEO of the MPA. “This is organized crime.” Rivkin joined the MPA in 2017 after the organization failed five years earlier to build consensus between Hollywood and Silicon Valley to win passage of legislation... In 2017 the association formed the Alliance for Creativity and Entertainment (ACE), an enforcement task force of about 100 detectives.

ACE says it's helped shrink the number of illegal streaming services in North America to 126, from more than 1,400 in 2018, aided in part by the MPA's support for a 2020 federal law...

Consulting firm Parks Associates predicts that legitimate US streaming services' cumulative loss from piracy since 2022 will reach \$113 billion in the next two years. “While there is some optimism... there is no consensus among stakeholders as to when it may begin to decline,” says analyst Steve Hawley.

31. According to Paragraph 1, legitimate streaming services \_\_\_\_
- have drawn lessons from Hollywood.
  - have surpassed cable in revenue.
  - are unpopular with advertisers.
  - are confronted with a real threat.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

32. It can be learned that streamers like Netflix \_\_\_\_
- played a part in the fight against illegal file-sharing.
  - reaped benefits from the war with digital pirates.
  - promised to become big job creators in the US.
  - used to collaborate with file-uploading platforms.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

33. It can be inferred from Paragraph 4 that the MPA \_\_\_\_
- was denied cooperation by Silicon Valley.
  - led a national protest against online piracy.
  - was urged to form an enforcement task force.
  - failed to win support from local authorities.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

34. According to Hawley, digital piracy \_\_\_\_
- cannot be checked in spite of new legislation.
  - will possibly overwhelm legitimate streamers.
  - is unlikely to diminish in the near future.
  - has been underestimated by some analysts.

作答区（手写答案字母）：

选择答案：

答案 · 查看题路精讲

35. Which of the following is emphasized in the text?
- The need to coordinate anti-piracy action.

- The criminal nature of copyright violation.
- The prospect of eliminating online piracy.
- The economic harm from illegal streaming.

## Section II · Part A Text 4

### Text 4 (数字信息保存)

Visit any antiques store and you'll encounter artifacts from the past... Yet these objects aren't truly ephemeral, because they're still here, decades, even centuries later. Why? Because they're tangible.

Have you pondered the life cycle of intangible formats, digital information...? For millennia, we've known what we've known due to artifacts that have survived... The thing itself is the medium that delivers the information. Libraries and archives have traditionally shouldered the responsibility of organization, preservation, and access to information. Thus, librarians digitize the tangible... The result is an embarrassment of historical riches, which brings its own needle-and-haystack problems.

Librarians' selfless devotion can act against us when users point to universality of access by holding up a cellphone and saying, "it's all in here" as evidence that libraries are less vital for researchers today... When it comes to born-digital information, the terrifying answer can be: if not librarians and archivists, then no one.

Even when a digital object is preserved, it may only be the carrier that's saved, not the information itself... Have you ever stared helplessly at a ZIP disk, thinking: how do I get the files off this? Without constant migration of digital assets... a historical record that abruptly stops when digital replace analog.

As a librarian... I'd be lying if I said a comprehensive preservation solution currently exists. Yet... there are a multitude of librarians devoted to discovering, organizing, and preserving digital information... Thus we play an integral role in identifying, preserving, and providing accessibility to digital artifacts...

36. The author mentions the artifacts from the past to \_\_\_\_
- introduce the collection of antiques.
  - contrast them with everyday items.
  - bring up the issue of preservation.
  - comment on their historical value.

## Section II · Part B 新题型（41–45 段落排序）

下面段落顺序被打乱。其中 A、C、H 已放好位置（见骨架），请从剩余段落 B、D、E、F、G 中为 41、42、43、44、45 各选一段，使全文连贯。

### 🔥 41–45 解题方法与技巧（排序题·先看这里）

- 先看已给段：**A、C、H 已定位，先读它们，把握全文主题与叙述走向。
- 抓逻辑衔接词：**however / therefore / for example / moreover / also / but / so → 判断前后关系（转折、因果、举例、递进）。
- 看指代与词汇复现：**this / these / such + 名词、同词复现、近义替换 → 与上一段末尾内容配对（这是排序题第一信号）。
- 找顺序线索：**时间（five years ago / in recent summers）、空间、由概括到具体、由问题到对策。
- 先易后难：**先把能确定相邻的两段配对，剩下用排除法填；注意选项只能从待选段落中取。
- 复核：**按所选顺序连读一遍，检查每处衔接是否自然、指代是否有指、逻辑是否通顺。

题文骨架（虚线框=待你填；实线框=已给出）

待选段落（B、D、E、F、G）

原文段落

A. Peters likes to photograph butterflies in a landscape... His pictures of a Glanville fritillary rising from the sea-pinks... are particularly glorious... he must be less than 2cm from the butterfly... （已给出）

B. Peters' signature shot is a butterfly "take-off", showing the multiple wing-beats of one butterfly in one frame... He uses a high-speed OM System which shoots 120 frames a second.

C. Britain has relatively few butterfly species compared with mainland Europe and 80% are in decline... （已给出）

D. Five years ago, at summer's end, Andrew Fusek Peters was diagnosed with bowel cancer... "They were a symbol of fragile life, of hope and defiance..."

E. That makes it sound easy, and artificial, but Peters insists it is still a massive challenge. He typically takes between 10,000 and 20,000 shots...

F. So what's the appeal of a long, sweaty day in pursuit of an elusive, fast-moving wild animal? "It just feels bloody brilliant," says Peters...

G. A children's author and poet... Peters watched the butterflies and idly wondered if he could capture them in flight... Now the fruits of those summers have been published in a beautiful new book.

H. A butterfly takes off so quickly it is still impossible to react quickly enough... he layers 10 to 15 frames together in Photoshop. （已给出）

作答（41–45：从待选段落中选）

41. 待填段落： \_\_\_\_ （可选 B/D/E/F/G）

生词自测①：看英语，写中文（每词一行，在行内手写）

**显示答案①**

1. in decline

2. be reduced to

3. be too isolated to

4. take off

5. in focus

6. thousands of

7. out of focus

生词自测②：看中文，写英文（每词一行，在行内手写）

**显示答案②**

1. 在减少；呈下降趋势

2. 被减少到；沦为

3. 太孤立以致不能

4. 起飞

5. 清晰对焦

6. 成千上万的

7. 失焦；模糊

## Section II · Part C 英译中 (46–50)

先自己翻译划线句，再点“显示答案”对照；注意定语从句、非谓语与语序调整。

原题全文（划线句为 46–50，未省略）

Innovation and research have relied on public participation in science for centuries. It was a musician who discovered the planet Uranus in the 18th century by making his own telescope with mirrors composed of copper and tin. **(46) Recent decades have seen science move into a convention where engagement in the subject can only be done through institutions, such as a university.** Citizen science provides an opportunity for greater public engagement and the democratisation of science. In the information era, large data sets, small teams and financial restrictions have slowed scientific process. **(47) But by utilising the natural curiosity of the general public it is possible to overcome many of these challenges by engaging non-scientists directly in the research process.** Anyone can be a citizen scientist, regardless of age, nationality or academic experience. You don't even need any formal training, just an inquisitive mind and the enthusiasm to join one of the thousands of citizen science projects to generate new knowledge and the means to understand a genuine scientific outcome. **(48) Scientists have employed a variety of ways to engage the general public in their research, such as making data analysis into an online game or sample collection into a smartphone application.** They've implored citizens to help with bug counting and categorising cancer cells, and even identifying distant galaxies. This form of accessible science means that great minds are able to join the race to create and develop projects with the potential to change the world. A citizen science-based approach can extend the field of vision and include different ideas and different brains to problem-solve and create, making innovation faster and more effective. The rise of citizen science has grown alongside the rise of do-it-yourself biology laboratories around the world. **(49) These groups of people are part of a rapidly expanding biotechnological social movement of citizen scientists and professional scientists seeking to take discovery out of institutions and put it into the hands of anyone with the enthusiasm.** There are around 40 official do-it-yourself biology centres across the globe in locations including Paris, London, Sydney, and Tel Aviv. **(50) They pool resources, collaborate, think outside the box, and find solutions and ways around obstacles to explore science for the sake of science without the traditional boundaries of working inside a formal setting.** So is it time to take the Petri dish out of the laboratory and into the garage?

46. Recent decades have seen science move into a convention where engagement in the subject can only be done through institutions, such as a university.

答案

47. But by utilising the natural curiosity of the general public it is possible to overcome many of these challenges by engaging non-scientists directly in the research process.

答案

48. Scientists have employed a variety of ways to engage the general public in their research, such as making data analysis into an online game or sample collection into a smartphone application.

答案

49. These groups of people are part of a rapidly expanding biotechnological social movement of citizen scientists and professional scientists seeking to take discovery out of institutions and put it into the hands of anyone with the enthusiasm.

答案

50. They pool resources, collaborate, think outside the box, and find solutions and ways around obstacles to explore science for the sake of science without the traditional boundaries of working inside a formal setting.

Section III · Writing 写作手把手（51–52）

Part A 小作文（应用文·约100词）

题目：Read the email from classmate Paul and write a reply (about 100 words): thank him; tell him what the craftsmen will show; tell him what he can do to help.

第一步 审题

文体：书信/邮件（回信）；对象：同学 Paul（语气友好）；要点：①感谢/回应 ②介绍手艺人将展示什么 ③说明他能帮什么忙。

第二步 头脑风暴

| 要点   | 可写内容                                         | 作用   |
|------|----------------------------------------------|------|
| 回应   | Glad you are interested...                   | 承接来信 |
| 展示内容 | paper-cuts, clay figures, skills behind them | 满足提问 |
| 协助   | book tables, print posters, guide guests     | 给出任务 |

第三步 列提纲（应用文格式）

| 部分    | 功能         | 模板句                                                                              |
|-------|------------|----------------------------------------------------------------------------------|
| 称呼    | Dear Paul, | Dear Paul,                                                                       |
| P1    | 回应+感谢      | I'm glad you're interested in the craftsmen's visit.                             |
| P2    | 说明展示内容     | They will show how to make traditional paper-cuts and clay figures...            |
| P3    | 说明协助事项     | As for the preparation, could you help me book two tables and print the posters? |
| 结尾/署名 | 感谢+署名      | Thank you so much for your help. / Yours, Li Ming                                |

第四步 逐句写成文（范文）

Dear Paul,

I'm glad you're interested in the craftsmen's visit. They will show how to make traditional paper-cuts and clay figures, and explain the skills behind them.

As for the preparation, could you help me book two tables and print the posters? We also need someone to guide the guests to the hall.

Thank you so much for your help.

Yours,

Li Ming

第五步 检查

约100词；称呼与署名格式正确；是否回答 Paul 的两个问题；语气礼貌；不用真实姓名（用 Li Ming）。

 分步手写默写（每一步一块：先写，再点“显示答案”对照）

称呼 + 回应（P1）

模板：Dear Paul, / I'm glad you're interested in the craftsmen's visit.

答案

说明展示内容（P2）

模板：They will show how to make traditional paper-cuts and clay figures...

答案

说明协助事项（P3）

模板：As for the preparation, could you help me book two tables and print the posters?

答案

结尾 + 署名

模板：Thank you so much for your help. / Yours, Li Ming

答案

Part B 大作文（图表作文·160–200词）

题目：Write an essay of 160–200 words based on the table (per 100 households owning air conditioners, washing machines and refrigerators, 2014–2023). 1) describe the table; 2) explain its meaning; 3) give your comments.

原题表格（据此作文）

| 年份   | 空调（台） | 洗衣机（台） | 电冰箱（台） |
|------|-------|--------|--------|
| 2014 | 75.2  | 83.7   | 85.5   |
| 2017 | 96.1  | 91.7   | 95.3   |
| 2020 | 117.7 | 96.7   | 101.8  |
| 2023 | 145.9 | 98.2   | 103.4  |

近年来全国居民平均每百户年末主要耐用消费品拥有量

第一步 审题

图表类型：数据表（每百户耐用消费品拥有量 2014–2023）；任务：①描述数据 ②解释含义 ③给出评论；三段式。

第二步 头脑风暴

| 角度 | 可写内容                                                                              | 作用   |
|----|-----------------------------------------------------------------------------------|------|
| 描述 | air conditioners 75.2→145.9; washing machines 83.7→98.2; refrigerators 85.5→103.4 | 数据准确 |
| 原因 | rising incomes; upgrading of consumption; better living standards                 | 解释趋势 |
| 评论 | consume responsibly; energy-saving; recycle old appliances                        | 观点升华 |

第三步 列提纲（三段式）

| 段  | 功能   | 模板句                                                                                                                    |
|----|------|------------------------------------------------------------------------------------------------------------------------|
| P1 | 描述图表 | As is shown in the table, the number of major durable consumer goods per 100 households kept rising from 2014 to 2023. |
| P2 | 解读含义 | The trend reflects rising living standards and the upgrading of consumption.                                           |
| P3 | 评论建议 | It also suggests the need for greener products and responsible consumption.                                            |

第四步 逐句写成文（范文）

As is shown in the table, the average number of major durable consumer goods owned by every 100 households in China rose steadily from 2014 to 2023: air conditioners climbed from 75.2 to 145.9, washing machines from 83.7 to 98.2, and refrigerators from 85.5 to 103.4.

Such a trend clearly reflects the improvement of people's living standards and the upgrading of household consumption. With rising incomes, families can afford more appliances that make daily life easier and more comfortable.

In my view, this change is encouraging, but it also reminds us to consume responsibly. We should choose energy-saving products and recycle old appliances, so that a better life goes hand in hand with a greener environment.

第五步 检查

160–200词；数据引用准确；首段描述、中段解释、末段评论；衔接词（As is shown / Such a trend / In my view）；语法与拼写。

 分步手写默写（每段一块：先写，再点“显示答案”对照）

P1 描述图表

模板：As is shown in the table, the number of major durable consumer goods per 100 households kept rising from 2014 to 2023.

答案

P2 解读含义

模板：Such a trend clearly reflects the improvement of people's living standards and the upgrading of household consumption.

答案

P3 评论建议

模板：In my view, this change is encouraging, but it also reminds us to consume responsibly.

答案

长难句精讲（四步拆句·一目了然）

四步法：① 找主干（几个谓语切几段，先划掉从句/插入语）→ ② 理枝叶（每块修饰谁）→ ③ 排语序（定语前置/长状语拆句）→ ④ 出译文。

1. This area of the Aegean Sea is prone to earthquakes and tsunamis, which caused the city to gradually sink.

- ① 主干This area is prone to earthquakes and tsunamis.（该地区易发生地震与海啸。）
- ② 枝叶which... → 非限制性定语从句，修饰前面整件事（地震海啸）；cause sb/sth to do。
- ③ 语序定语从句译“这（些灾害）使该城逐渐下沉”。
- ④ 译文爱琴海这一地区易发生地震与海啸，这使该城逐渐下沉。

2. In recent decades, shifting currents and climate change have eroded a natural barrier that protected Pavlopetri.

- ① 主干Shifting currents and climate change have eroded a barrier.（洋流与气候变化侵蚀了屏障。）
- ② 枝叶that protected Pavlopetri → 定语从句，修饰 barrier。
- ③ 语序定语从句前置：“保护帕夫洛佩特里的天然屏障”。
- ④ 译文近几十年来，变化的洋流与气候变化侵蚀了保护帕夫洛佩特里的天然屏障。

3. The carbon emissions from technological research are well spent: ultimately this research will safeguard the future of our planet.

- ① 主干The carbon emissions are well spent.（这些碳排放是值得的。）
- ② 枝叶冒号后为解释说明（ultimately...）；be well spent 被动表“花得值”。
- ③ 语序冒号译“:”，后句顺译。
- ④ 译文技术研究产生的碳排放是值得的：归根结底，这些研究将守护地球的未来。

4. But demonstrating the efficacy of science will be crucial if we are to solve humanity's greatest challenges.

- ① 主干Demonstrating the efficacy of science will be crucial.（证明科学的有效性至关重要。）
- ② 枝叶demonstrating... → 动名词作主语；if we are to do → 条件状语（be to do 表“要……的话”）。
- ③ 语序条件从句提前译“若要解决……”。
- ④ 译文但若解决人类最大的挑战，证明科学的有效性将至关重要。

5. A great example of this is Europe's largest supercomputer, LUMI in Finland, which is astonishingly carbon-negative.

- ① 主干A great example is LUMI.（一个很好的例子是 LUMI。）
- ② 枝叶Europe's largest supercomputer → 同位语；which... → 非限制性定语从句，补充说明 LUMI。
- ③ 语序同位语与定语从句均作补充，可后置顺译。
- ④ 译文一个很好的例子是欧洲最大的超级计算机——芬兰的 LUMI，它惊人地实现了负碳排放。

6. Even when a digital object is preserved, it may only be the carrier that's saved, not the information itself.

- ① 主干It may only be the carrier that's saved.（被保存的可能只是载体。）
- ② 枝叶Even when... → 让步状语；it is... that... → 强调句，强调 the carrier。
- ③ 语序让步先译“即使……”；强调句译“只是……被保存”。
- ④ 译文即使数字对象被保存下来，被保存的也可能只是载体，而非信息本身。

7. While there is some optimism that emerging countermeasures may see piracy begin to plateau by 2027, there is no consensus among stakeholders as to when it may begin to decline. ★ 嵌套较深：建议拆成 2 句顺译

- ① 主干 There is no consensus as to when it may decline.（对于何时下降并无共识。）
- ② 枝叶 While... → 让步状语；that... → 同位语从句说明 optimism；as to when... → 介词后接宾语从句。
- ③ 语序 While 让步先译“尽管……”；主句“但……尚无共识”。
- ④ 译文 尽管有人乐观地认为新的对策可能使盗版在 2027 年前趋于平稳，但利益相关方对盗版何时开始下降仍无共识。

8. Scientists have employed a variety of ways to engage the general public in their research, such as making data analysis into an online game or sample collection into a smartphone application.

- ① 主干 Scientists have employed a variety of ways.（科学家采用了多种方式。）
- ② 枝叶 to engage... → 目的/定语；such as... → 举例；making A into B 与 (making) sample collection into... 并列。
- ③ 语序 such as 列举顺译，两个 make...into... 并列处理。
- ④ 译文 科学家采用了多种方式让公众参与研究，例如把数据分析做成在线游戏，或把样本采集做成手机应用。

长难句训练营（A-E）

A · 划主干（先写后对）

A · 划主干：先自己写出句子主干（主谓/主系表），再对照；不确定的句子点“加入错句本”。

1. This area of the Aegean Sea is prone to earthquakes and tsunamis, which caused the city to gradually sink.

在此写主干（主谓/主系表）

2. In recent decades, shifting currents and climate change have eroded a natural barrier that protected Pavlopetri.

在此写主干（主谓/主系表）

3. The carbon emissions from technological research are well spent: ultimately this research will safeguard the future of our planet.

在此写主干（主谓/主系表）

4. But demonstrating the efficacy of science will be crucial if we are to solve humanity's greatest challenges.

在此写主干（主谓/主系表）

5. A great example of this is Europe's largest supercomputer, LUMI in Finland, which is astonishingly carbon-negative.

在此写主干（主谓/主系表）

6. Even when a digital object is preserved, it may only be the carrier that's saved, not the information itself.

在此写主干（主谓/主系表）

7. While there is some optimism that emerging countermeasures may see piracy begin to plateau by 2027, there is no consensus among stakeholders as to when it may begin to decline. ★ 嵌套较深：建议拆成 2 句顺译

在此写主干（主谓/主系表）

8. Scientists have employed a variety of ways to engage the general public in their research, such as making data analysis into an online game or sample collection into a smartphone application.

在此写主干（主谓/主系表）

- B · 回译（看中文写英文）
- C · 仿写模板库（按结构套写）
- D · 结构分类题库
- E · 错句本（隔日复习）

语法专项（本卷句子 · 先做后对）

本套卷语法考点清单与教学

一、时态：一般现在 / 现在完成 / 一般过去

客观事实用一般现在（This area is prone to...）；由过去持续至今用现在完成（have eroded / have employed）；叙述历史事件用一般过去（caused / formed）。

二、被动语态

动作承受者作主语用 be+过去分词：are well spent / is preserved / be saved；注意与“系表结构”区分。

三、非谓语动词

动名词作主语（demonstrating the efficacy of science）；不定式表目的/定语（ways to engage...）；分词作定语（shifting currents / emerging countermeasures）。

四、三大从句

定语从句：which caused... / that protected...；让步状语从句：Even when... / While...；同位语从句：optimism that...；宾语从句：as to when it may decline。

语法专项练习（先做再看答案）

直接在题目 \_\_\_\_ 处手写答案（Apple Pencil / 手指）；提示词为蓝色，每句下方给出中文意思。写完再展开“参考答案”核对。笔迹自动保存。

一、时态练习

1. This area of the Aegean Sea \_\_\_\_\_ to earthquakes and tsunamis. (be)

句意：爱琴海这一地区易发生地震与海啸。

2. In recent decades, shifting currents and climate change \_\_\_\_\_ a natural barrier. (erode)

句意：近几十年来，洋流与气候变化侵蚀了天然屏障。

3. Scientists \_\_\_\_\_ a variety of ways to engage the public. (employ)

句意：科学家采用了多种方式让公众参与。

4. In 2009 archaeologists \_\_\_\_\_ excavation of the site. (resume)

句意：2009 年考古学家重启了该遗址的发掘。

二、被动语态练习

5. The carbon emissions from research \_\_\_\_\_ well spent. (be)

句意：研究产生的碳排放是值得的。

6. Even when a digital object \_\_\_\_\_, it may only be the carrier that's saved. (preserve)

句意：即使数字对象被保存下来，被保存的也可能只是载体。

7. A natural barrier \_\_\_\_\_ by shifting currents. (erode)

句意：天然屏障被变化的洋流侵蚀。

8. These findings \_\_\_\_\_ by many researchers. (support)

句意：这些发现得到许多研究者的支持。

三、非谓语练习

9. the efficacy of science will be crucial. (demonstrate)

句意：证明科学的有效性将至关重要。

10. Scientists have employed ways the public in research. (engage)

句意：科学家采用了让公众参与研究的方式。

11. currents and climate change have eroded a barrier. (shift)

句意：变化的洋流与气候变化侵蚀了屏障。

12. the challenges, we must support science. (solve)

句意：要解决这些挑战，我们必须支持科学。

四、从句练习

13. The area is prone to earthquakes, caused the city to sink. (which)

句意：该地区易发生地震，这使城市下沉。

14. a digital object is preserved, it may only be the carrier that's saved. (Even when)

句意：即使数字对象被保存，被保存的也可能只是载体。

15. There is optimism piracy may plateau by 2027. (that)

句意：有人乐观地认为盗版到 2027 年或趋平。

16. There is no consensus as to it may begin to decline. (when)

句意：对于它何时开始下降尚无共识。

'); }); var R=ANSDATA; var B=
```

参考答案

```
'; B+='
```

选词填空 26-35

```
'<R.cloze.map(function(x){return x.no+'<'+x.letter+' ('<'+x.word+') ');}).join(' ')+<
'; B+='
```

段落匹配 36-45

```
'<R.match.map(function(x){return x.no+'< '→ '+x.letter;}).join(' ')+<
'; var r1=R.reading.filter(function(x){return x.no>=46&&no<=50;}); var r2=R.reading.filter(function(x){return x.no>=51;}); B+='
```

仔细阅读

```
P1: '<r1.map(function(x){return x.no+'<'+x.ans;}).join(' ')+<
P2: '<r2.map(function(x){return x.no+'<'+x.ans;}).join(' ')+<
'; B+='
```

汉译英 参考译文

```
'; R.trans.forEach(function(t,i){B+=<
'+(i+1)+'<'+esc2(t.zh)+'<
'+esc2(t.en)+'<
```

```
